Meet MinuteClinic®

1,100+ clinics located in 33 states and Washington D.C.

>3,000 Nurse Practitioners and Physician Assistants provide walk-in care 7 days a week including evenings

New! Video Visits available 24 hours a day through CVS Pharmacy – up to $59 per visit

Most services cost ~$100 up to 90% savings over Urgent Care and the Emergency Department

Since 2000 we’ve had 40M+ patient visits and kept 95% overall patient satisfaction

MinuteClinic provides care that complements that of the Primary Care Physician (PCP)

With the patient’s permission, we send a visit summary to the PCP

We can also guide patients who don’t have a PCP to establish a relationship with one

All care aligns with evidence-based guidelines. MinuteClinic is accredited by the Joint Commission

Meet MinuteClinic®

Diagnoses and treats common illnesses: including allergy symptoms, earache, sore and deep throat, coughs and colds, bronchitis, bladder infections, pink eye and more
